Free Pup Guardianship Program

This is a temporary joint-custody program. It is an affordable way to have one of our gorgeous French Bulldogs for your family. We believe, as we grow our business, that every one of our dogs should be loved by a special family. Our Guardianship Program is implemented by placing our potential breeder pups in forever homes with a loving family, while **Shiloh Hill Frenchies & Frenchtons** will retain breeding rights. Ownership of one to two dogs each is a responsible number for us to spread our love, attention, and resources. This means the dog will stay in your home and ultimately be YOUR family dog. **Shiloh Hill Frenchies and Frenchtons** pays for all health testing, all breeding expenses, and eventually spaying or neutering. The dog's normal daily expenses are paid by you, the host family.

So, how does it work? When your female comes into heat, it is most important that you notify us immediately so we can make arrangements to pick her up for breeding. Then, the female comes back again for whelping. You may actually want to participate in the birthing and raising of pups in your home, which may be negotiated for compensation.

When breeding obligations are fulfilled, we will spay or neuter your dog and ownership passes to you. Females will be bred up to 4 or possibly 5 times depending on the size of each litter. She will be boarded at **Shiloh Hill Frenchies and Frenchtons** during her heat cycle and whelping. Males may be needed for several more years, but will only need to be away from their families a few days at a time.

If it is determined that the dog is not needed for our breeding program when he or she comes of age, the contract is dissolved. If the family moves more than 100 miles from the breeder during joint custody, the contract is dissolved and the

current pet price must be paid for the dog, and the dog must be spayed or neutered. If **Shiloh Hill Frenchie and Frenchtons** determines that the dog is necessary to continue our breeding program, then other arrangements can be met at our expense to have the dog returned to **Shiloh Hill Frenchie and Frenchtons** for the period of time needed to breed. Contract terms can be modified and altered to meet an individual need or situation. The dog must be kept healthy, on prescription heartworm meds, up-to-date on vaccinations and well-groomed.

If we, **Shiloh Hill Frenchie and Frenchtons**, specifically Valerie and T Wright or Brenna and Titus Kuepfer, feel that the terms of the contract are not being met by the guardianship family, we retain the right to take possession of the dog and return it to **Shiloh Hill Frenchie and Frenchtons**. The guardian family will relinquish all rights to the dog via contractual terms. If at any time, we determine that the guardian family is not being cooperative in making the dog available to us, or not informing us when the dog is in heat, then we will reclaim the dog. The dog must be relinquished immediately upon request with no legal ties or binds. If any legal fees are incurred by **Shiloh Hill Frenchie and Frenchtons** to repossess the dog, the guardian dog's host will be responsible for payment of any and all such legal fees, including court costs and attorney fees. Any money the guardianship family paid for the dog will not be refunded, including vet bills. The guardian family must agree to contact us, **Shiloh Hill Frenchie and Frenchtons**, specifically Valerie and T Wright or Brenna and Titus Kuepfer, if they plan to transport the dog more than 60 miles from **Shiloh Hill Frenchie and Frenchtons** for any length of time exceeding one week.

You Must...

- Own your own home
- Have a fenced yard (case-by-case basis)
- Notify us immediately when the female enters her heat cycle
- Feed a breeder-approved food
- Allow **Shiloh Hill Frenchies and Frenchtons** to board females during heat cycle or provide assurance of secure inside containment
- Not allow a male to breed with other females or expose females to males while in heat
- Be within 40 miles of **Shiloh Hill Frenchies and Frenchtons** location.
- Not transport the dog more than 100 miles from your respective **Shiloh Hill Frenchies and Frenchtons** base for more than one week without notifying us, due to fact female may come in heat or need male for breeding)
- Relinquish the dog during the time we need the dog for breeding
- Provide regular vet care at your expense, including shots, heartworm, and flea medicine
- Keep your dog well-groomed at all times

•

1. During the life of this dog, Guardian may return the dog to Breeder at any time.

2. If Guardian has a dog spayed or neutered without written consent of Breeder, Guardian will owe Breeder up to \$20,000 for an adult French Bulldog or Frenchton two years or older. Any legal costs incurred to collect this payment will be paid by the Guardian.

3. If Guardian allows the dog to be bred without written consent of Breeder, Guardian will owe Breeder \$3500 for every puppy produced in the litter. Any legal costs incurred to collect this payment will be paid by the Guardian.

4. If Guardian fails to notify Breeder within 48 hours by both phone and email of a female beginning estrus, after the age of 18 months, Guardian will be required to pay for progesterone testing once a week and transport dog to and from veterinarian until the time that female enters estrus.
